### SOUTH HIRAM.

**Interesting Relics.**  
 George Stewart, watchman at the Kezar Falls Woolen Co., has some very interesting relics in the shape of letters, Rifle Volunteers' drill and target practice Almanac for 1881, Card of Company prize meetings and sectional roll of Company L, 3d Lanarkshire Rifle Vol. He also has a paper napkin on which a menu is printed and it is such a perfect state of preservation that all the lines are perfectly legible.

It will be remembered that Mr. Stewart is a Scotchman by birth and all of these relics have been brought to this country and treasured through all these years by him. Mr. Stewart's stories of his native land are very interesting. He is a great reader but does not confine himself to the American papers but has several foreign as well. He takes a deep interest in sports of all kinds. I have personally read several letters from his relatives in Scotland, and in speaking of our late President nothing but the deepest sympathy and respect dwells in that country. As Mr. Stewart has been here nearly twenty years, he thinks of visiting his old home in Scotland in the near future.

**An Exciting Runaway.**  
 An exciting runaway occurred here, Friday, Oct. 4, in which one carriage was entirely wrecked and another badly damaged. The horse is owned by Osman Stanley, Kezar Falls. Being spirited animal and not having had the necessary exercise she decided to take it of her own free will. Mr. Stanley had just harnessed and had one foot on the step when she bounded away like a deer. Fortunately Mr. Stanley escaped without injuries.

No accidents occurred until she passed through this place. A team was hitched at Edwin Libby's and in passing the two wagons collided overturning both. This greatly increased the excitement of the night. The horse which bounded away like the wind with the wagon dragging upside down behind her.

Making the turn at Stearns corner she continued up the Brownfield road leaving pieces of the carriage demolished. She was finally stopped about two miles above here by Mr. Edgecomb, the mail carrier, without further damages. She escaped with a few bruises and cuts caused by wagon. The carriage overturned at this place escaped with the springing of the axles, which Mr. Stanley very courteously offered to repair.

Eugene Stanley is making needed repairs on the mill property leased by him of Allen Garner.

William Garner, Elwood Elliott, William Merrill and son Ralph took the opportunity of visiting the Pan-American Exposition through the White Mountains, Saturday the 5th.

Chellie's Opera House, Kezar Falls, was occupied, Friday and Saturday evenings, Oct. 4 and 5, by Earle & Howard's show. Mr. Howard is without question master of the bugle and tenor drum. His exhibitions on saws were well worth the price of admission. The moving pictures and illustrated songs help spice the entertainment and keep the audience in an attentive attitude. They had a good house both evenings.

Adams and grandson of Enoch Adams, one of the first settlers in Andover. She spent all her married life in Andover and until the death of her husband in November, 1881. She was a kind, devoted daughter, taking care of her father and mother Adams and also a stepmother in their declining years. She was always ready to help as a neighbor in sickness and death, rejoicing with them in their prosperity, as well as a hearty sympathizer in adversity. She spent her last years with her son Lewis in Haverhill. Coming with her two sons and families to spend the summer, was suddenly stricken down by disease and passed from earth, Sept. 5. All was done for her that medical skill could accomplish, but in vain. She attended Rev. J. C. Snow's church in Haverhill, Mass. Her funeral was attended by Rev. G. B. Hannaford of the M. E. church, Sept. 10, from her old home she loved so well at South Andover. She leaves two sons and five grandchildren.

Mr. Haskell is building a store at a rent above for himself and family, a grain and feed mill, moved a house several rods and put an addition to it making a double house to rent. He also has two cider mills, one at Bethel which he is running himself and at the same time looking after his grocery store and grain business.

We hear there is another school house wanted at the village. It seems to us that if scholars were sent to school in the rural schools until they were fitted for high school there would be less need of more school room in the village. Perhaps it would be well for our supervisor to see that children attend school in their own district where the teachers have plenty of time to give instruction than to crowd the village teachers so hard.

John Thatcher of Rumford—nuisance.....223 27

Charles Dunham was sentenced to 30 days in jail, which was the original sentence. As he has been in jail two weeks or more since he appealed the case, he gets so much extra by reason of his appeal.

Edgar R. Briggs was fined \$50 or 30 days on the single and \$100 or 60 days on the common seller charge.

William O'Donnell's is a case where the cashier made a mistake in reading the figures on a check and overpaid him something more than \$100. He having already been in jail five months, on motion of the county attorney the indictment was placed on file, and he was discharged on his own recognizance.

Monday morning opened with a Buckfield case before a jury—James P. Jewett vs. Charles T. Ridley—suit to recover for use of furniture of Charles T. Ridley for defense. Bridgman for plaintiff; Dyer for defendant.

The verdict for referee in the Robinson case was \$35, not \$45.

At noon, Tuesday, all the indictments except one had been made public. Those not named before are:

Harry Brown, Waterford—throwing sawdust in Crooked river.

Warren Crook, Rumford—single sale.

Elmer H. Ingalls, Riley Plantation—liquor nuisance, pleaded not guilty; another indictment, common seller; another indictment, single sale.

John J. Gota, Rumford—liquor nuisance.

John J. Gota, Portland—cesspool nuisance at Rumford Falls.

F. E. Briggs, Rumford—common seller; another indictment, keeping a drinking-house and tipping shop; two other indictments, single sales.

John Jenkins and Robert McLean—two indictments for burglary at Andover post-office. Parties now in prison having been sent there by United States courts.

Alphonso Allen of Norway—petty larceny; pleaded nolo contendere.

David Morgan, Rumford—assault and battery.

Paul H. Douglas, Brownfield—assault and battery; pleaded not guilty.

Gregory Ingalls, Penley and Douglas pleaded on Monday.

Ingalls was put on trial on the nuisance charge, Monday afternoon.

The case occupied a day in trial, being given to the jury shortly before dinner, Tuesday. They took three hours to convict him. Dennis Meagher of Portland was defendant's attorney. On this case he paid \$100 fine and \$75 costs. Then he was fined \$100 and \$75 costs.

The purpose of the law to make liquor selling unprofitable is probably accomplished in this instance.

Tuesday, work began before the first traverse jury on the case of Mrs. M. Abbott Barnes of Andover vs. the town of Rumford for damages received on highway. This case was tried once before, last winter, and the jury disagreed. Wright and Foster & Hersey for the plaintiff; Bish and Parker for defendant.

There have been a number of divorce hearings, but in all the cases the justice reserved his decision to the last day of court.

At a bar meeting held on Tuesday afternoon, it was arranged that on the first afternoon of the next term of court, memorial exercises will be held in honor of the late John C. Swasey.

Penley's case was fixed up by payment of \$20. He found a lost bear trap and made it over to the owner, the owner whom he knew. He was technically guilty, but it doesn't appear that he really tried to hide the property from the lawful owner, or to convert it to his own use.

The Barnes v. Rumford case went to the jury, Friday forenoon.

Memorial exercises in honor of the late Luther H. Ludden, esq., will be held on the first afternoon of the next term of court.

Scrofula

What is commonly inherited is not scrofula but the scrofulous disposition.

This is generally and chiefly indicated by cutaneous eruptions; sometimes by paleness, nervousness and more or less general debility.

The disease elicited Mrs. K. T. Snyder, Union St., Troy, Ohio, when she was eighteen years old, manifesting itself by a bunch in her neck, which caused great pain, was lanced and became a running sore.

It afflicted the daughter of Mrs. J. H. Jones, Parker City, Ind., when she was thirteen years old, and developed so rapidly that when she was eighteen she had eleven running sores on her neck and about her ears.

These sufferers were not benefited by professional treatment, but according to their own unsolicited statement, were completely cured by

Hood's Sarsaparilla

That positively corrects the scrofulous disposition and radically and permanently cures the disease.

I will be at the Lake House, Waterford, Me., November 1st, 2d, 3d and 4th, to settle on all claims which will be placed in a settler's hands for immediate collection.

### RUMFORD.

Runaway on the River. Dr. Abbott left his horse hitched to make a call, a few nights ago, and when he went for his team it was miss-ing. He traced it to the river, where it had been rescued by Mr. Knights and others. The horse had swum nearly across the river and turned back towards the other side. The men reached it just in time to save its life by letting the wagon and contents go down river.

Some miscreants visited the henhouse of Isaac Small near Rutland Center, a few nights ago, and stole all his poultry. He is an aged, infirm man with an in-val-id wife to care for, and was looking to the sale of his nice flock to provide necessities for the coming winter. This is one of the cases where the ways of the Almighty pass our comprehension, in letting such vermin encumber the earth.
